

## IT IS ALL ABOUT THE WINES!

### WINE BY THE GLASS OR CARAFE

The specially imported Monterey wine dispensing display, featuring 12 wines, preserves your favourite wine for an extensive period of time and thereby guaranteeing the freshness of the wine served at the correct temperature.

This allows you the opportunity to sample and enjoy a variety of quality wines either by glass (180ml) or carafe (250ml or 500ml) and gives you greater freedom to explore different wines with each course of your meal.
